

# Healing the Healer:

Recovering Your Joy for Service

## Expected Outcomes for frontline workers:

- Revive your desire and love for service
- Learn new stress management techniques to combat demoralization, fatigue, and exhaustion
- Integrate new ideas for handling disgruntled patients and communicating with team members
- Transform the feeling of having “lost yourself in service” to a refreshed connection to your personal purpose
- Refocus, strengthen, and recharge your energy and renewal of spirit

**Dates: Friday, May 21 or Monday, May 24**
